Montecarlo quantities for electrons

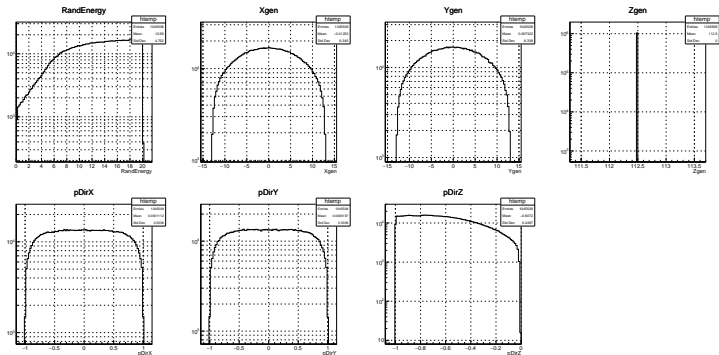

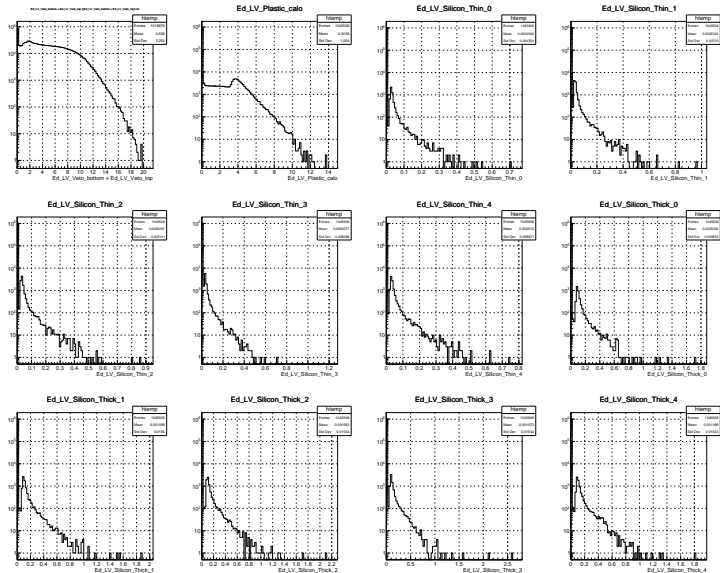

Figure: MC quantities

Energies distribution for electrons

Angles distribution accepted for electrons

Figure: Angles distribution

Geometric factors for electrons

Figure: Geometric factors

Geometric factors for electrons

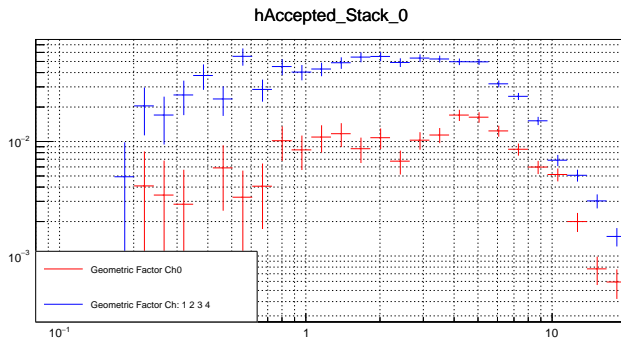

Figure: Geometric factors

Montecarlo quantities for protons

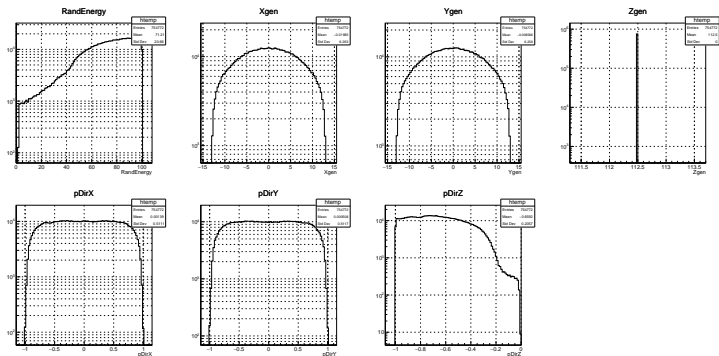

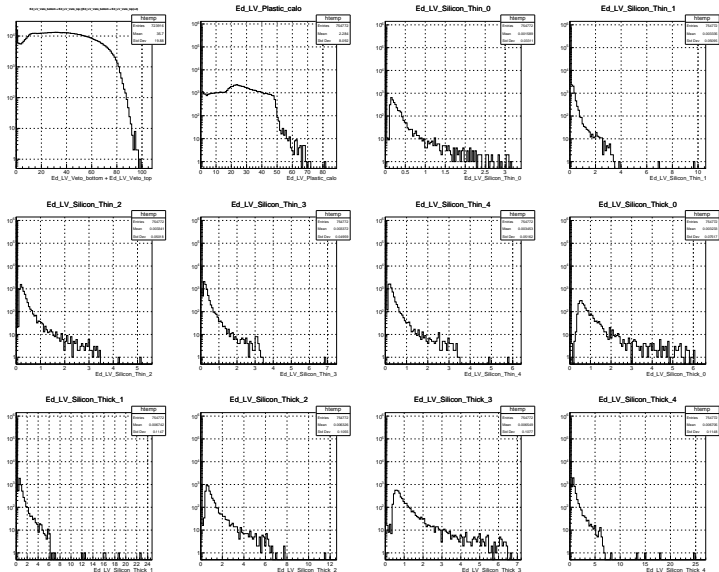

Figure: MC quantities

Energies distribution for protons

Angles distribution accepted for protons

Figure: Angles distribution

Geometric factors for protons

Figure: Geometric factors

Geometric factors for protons

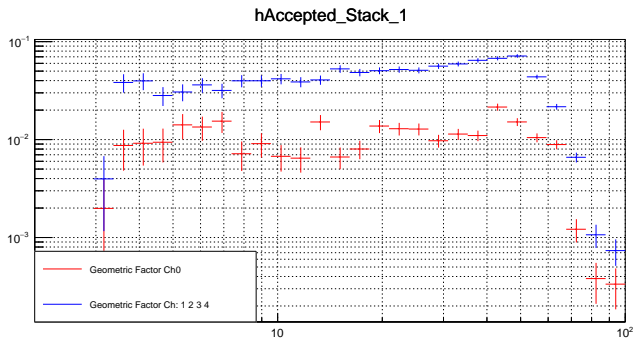

Figure: Geometric factors

Montecarlo quantities for alphas

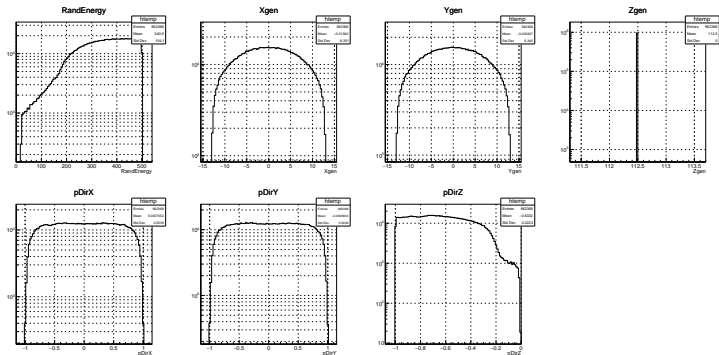

Figure: MC quantities

Energies distribution for alphas

Angles distribution accepted for alphas

Figure: Angles distribution

Geometric factors for alphas

Figure: Geometric factors

Geometric factors for alphas

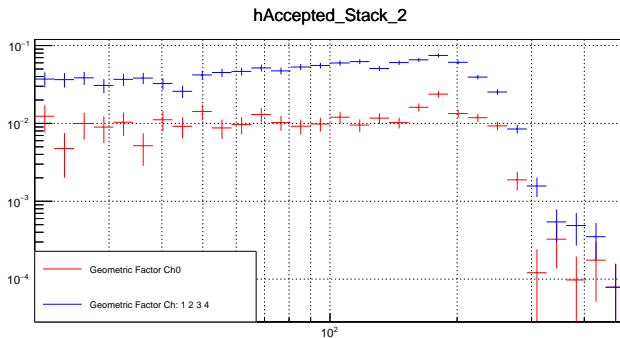

Figure: Geometric factors

Geometric factors for all particles
